BUDGET OVERVIEW

We love that we are a blank canvas wedding venue so our couples can create a day unique to them. Our couples enjoy having the flexibility to choose their own caterer, tables and chairs or other styling items to reflect their style and budget. However, we also realise that having a price guideline can be helpful.

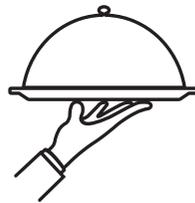

The following is only an example as the answer to this question could be 'how long is a piece of string'. This example includes some of our favourite suppliers and includes the venue hire for a high season weekend, tables, chairs, full styling of the venue including floristry, prop hire and additional lighting such as the fairy light canopy in the marquee, barn and festoon lights across the courtyard.
